INSURANCE POLICY

As your dental care provider, our relationship is with you, the patient, and not your insurance company. Your insurance policy is a contract between you, and your insurance company. As a courtesy to our patients, we will complete insurance forms and submit claims for services provided on your behalf; however, **patients are directly responsible for all incurred charges** – including the ones their insurance does not cover.

As a courtesy to our patients, we provide a recommended treatment plan. This plan includes the **estimated** out-of-pocket expenses for the patient and is not a guarantee of insurance coverage. **The estimated out-of-pocket expense is collected on the day services are rendered.**

Just as each patient is different, each patients' dental insurance plans can also be different. For this reason, you may receive less of a benefit than we estimate for you. You are responsible for knowing what your insurance does and does not cover, and **you are responsible for paying for services your insurance carrier does not cover.**

By signing below, you agree that you have read this section and authorize our office to accept an assignment of benefits from your insurance company.

FINANCIAL POLICY

PATIENTS WITHOUT DENTAL INSURANCE: **Cost of treatment is due the day service is rendered.**

PATIENTS WITH DENTAL INSURANCE

1. Patient is responsible for providing our office with correct and updated insurance information. If we are not given the correct insurance information and are unable to process your claims after 30 days, you will become responsible for the full cost of treatment.
2. **Patient is responsible for knowing their insurance benefits.**
3. Work completed at another office or with a specialist will effect available benefits. Reduced benefits will also impact our estimates. Check with your insurance company to verify frequency limitations and exclusions.
4. **Estimated patient portion is due the day service is rendered.** When a patient chooses to utilize insurance to help pay, we can only **estimate** the balance due to us.
5. All dental insurance plans are not the same or cover the same dental services. If your insurance does not cover a service, **you will be responsible for the non-covered charge.**

ALL PATIENTS

1. For your convenience, we accept cash, check, MasterCard, Visa, Discover, American Express and Care Credit.
2. Our approved payment plan option is Care Credit. Please ask us about Care Credit for more information.
3. Any outstanding balance over 60 days will be charged a yearly 18% APR finance charge. A billing fee of $2.00 will be assessed for each statement sent past 30 days.
4. A fee of $50 is charged on accounts who miss or cancel more than 2 times without a 24 (business) hour notice.
5. A deposit of $50 will be asked of accounts who miss multiple appointments. Habitual broken appointments will result in dismissal from the practice.
6. Accounts who are turned over to collections are dismissed from the practice.
7. There will be a $30 fee charged on all returned checks.

By signing below you agree that you have read this section and accept full financial responsibility for all charges and fees incurred related to any and all services provided. In the event of default of payment on this account or any future accounts you may have, you agree to pay any interest accrued and any legal or court related costs and expenses, including reasonable attorney fees, incurred by Provider related to Provider's exercise of collections rights or other legal remedies.
